The Process

- 1 Schedule a consultation with your veterinarian to discuss your pet's allergy symptoms.
- 2 Your veterinarian will administer an allergy test for your pet.
- 3 Based on the allergy test results, Allibre will formulate a custom allergy treatment specifically tailored to your pet's needs.
- 4 Once formulated, Allibre will ship the customized allergy treatment directly to your ordering veterinarian for review and use.

Dr. Joya Griffin DVM

Ease of Use Makes Great Compliance

“The thing I love most about Allibre Pet Allergy Cream is its ease of use! Makes my clients happy with how to administer the cream, and the pets are happy with relief of their symptoms. Win win!”
